

## Beach House Assembly Instructions: Platform Beds

Included within the boxes are the following:

- Headboard
- Footboard
- 2 Side Rails
- Slats (number depends on bed size)
- Center support(s)
- 2 strips of plywood approx. 8 inches wide.

It is recommended this be completed by 2 people.

**Remove all items from the boxes. Stand the headboard up and attach side rails as shown in pictures.**

**Attach bedrails to the footboard as shown in pictures.**

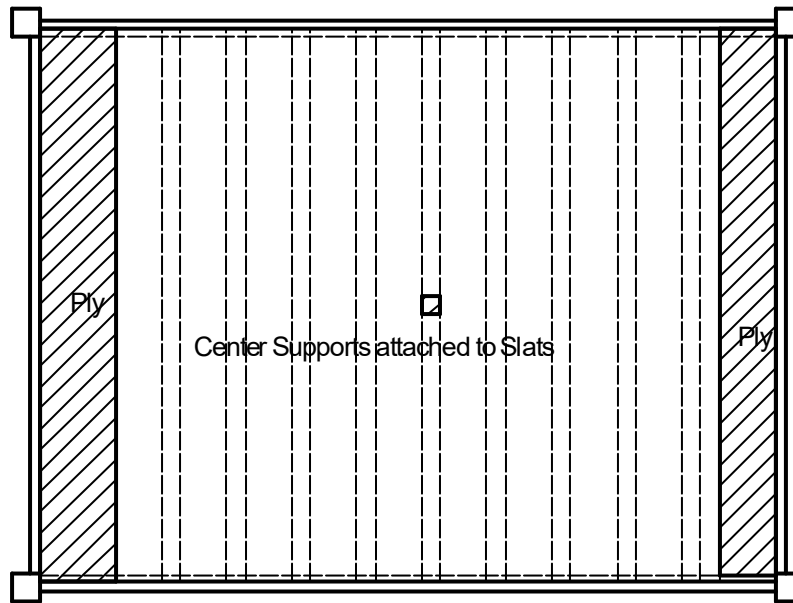

1 - Lay slats across bed as shown in figure on next page.

2 - Lay plywood across bedrails at headboard and footboard as shown in figure on next page.

(Number of slats and center supports may differ based on bed size.)

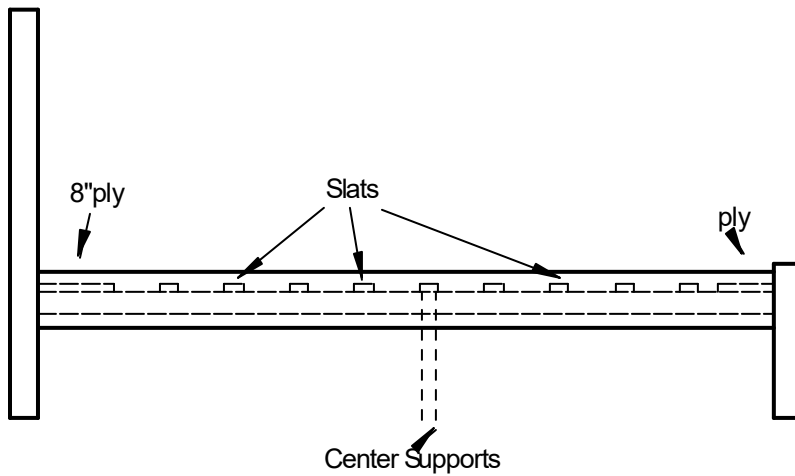

## Assembly Instructions: Beds

Secure all slats and plywood slats with screws provided.

Secure center support with screws provided, adjust center support(s) foot to the point it is touching the ground, but not putting upward pressure on the slat it is attached to.

Bed should look similar to the figure below when completely assembled.

Lay mattress onto slats.
